

## **Assessment of the Bachelor of University Studies (BUS) Program**

The Bachelor of University Studies (B.U.S.) Program allows students to create individualized programs of study leading to a Baccalaureate Degree. By all measures, the program is performing its function quite well: Students accepted into the program are successfully completing their programs of study in a timely manner. Of the 49 students accepted into the program from Fall 2002 thru Spring 2006, 39 (80%) have already graduated – and only 2 (4%) of those students changed their major – with an average GPA of 3.44. Exit surveys universally show that B.U.S. students are extremely satisfied with their degree.
